

An all new Furniture System
for new age rules & philosophies.

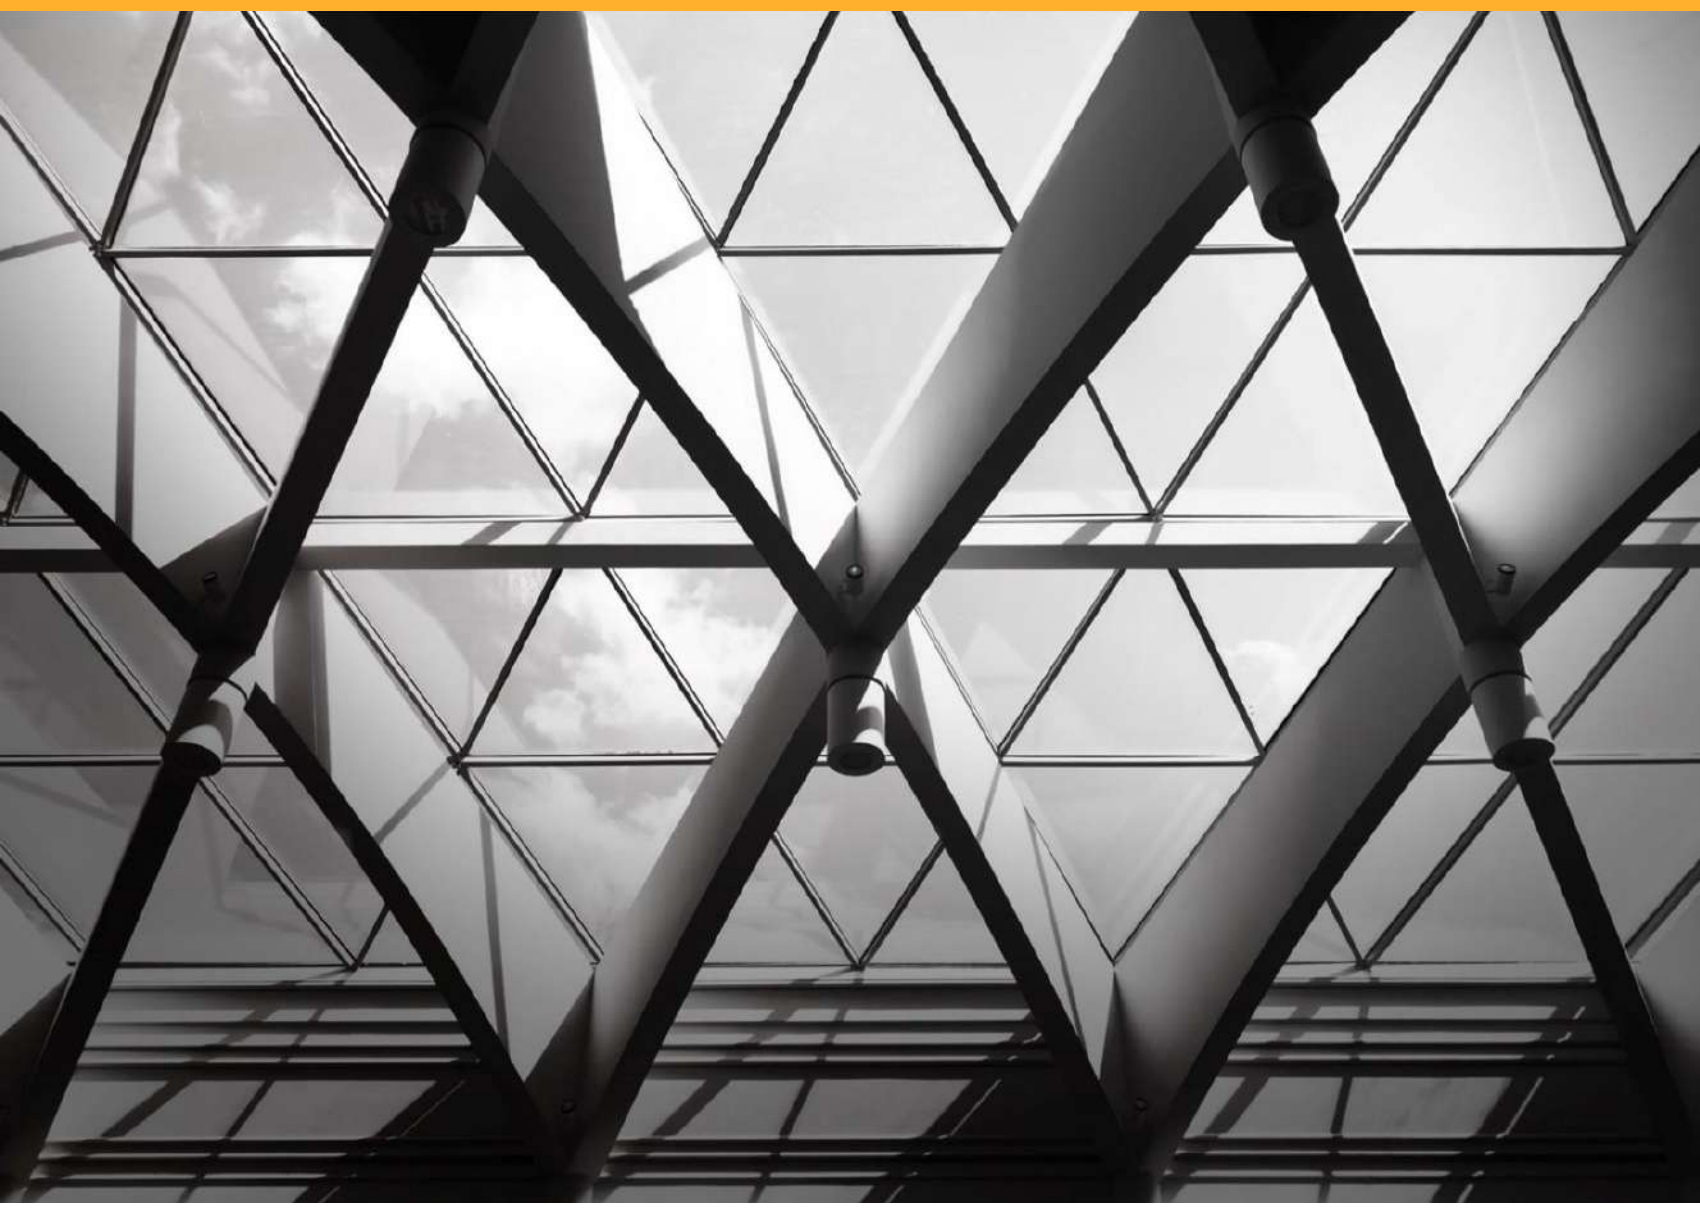

WIPRO FURNITURE

Every office space has its own...
personality and ***style quotient***...

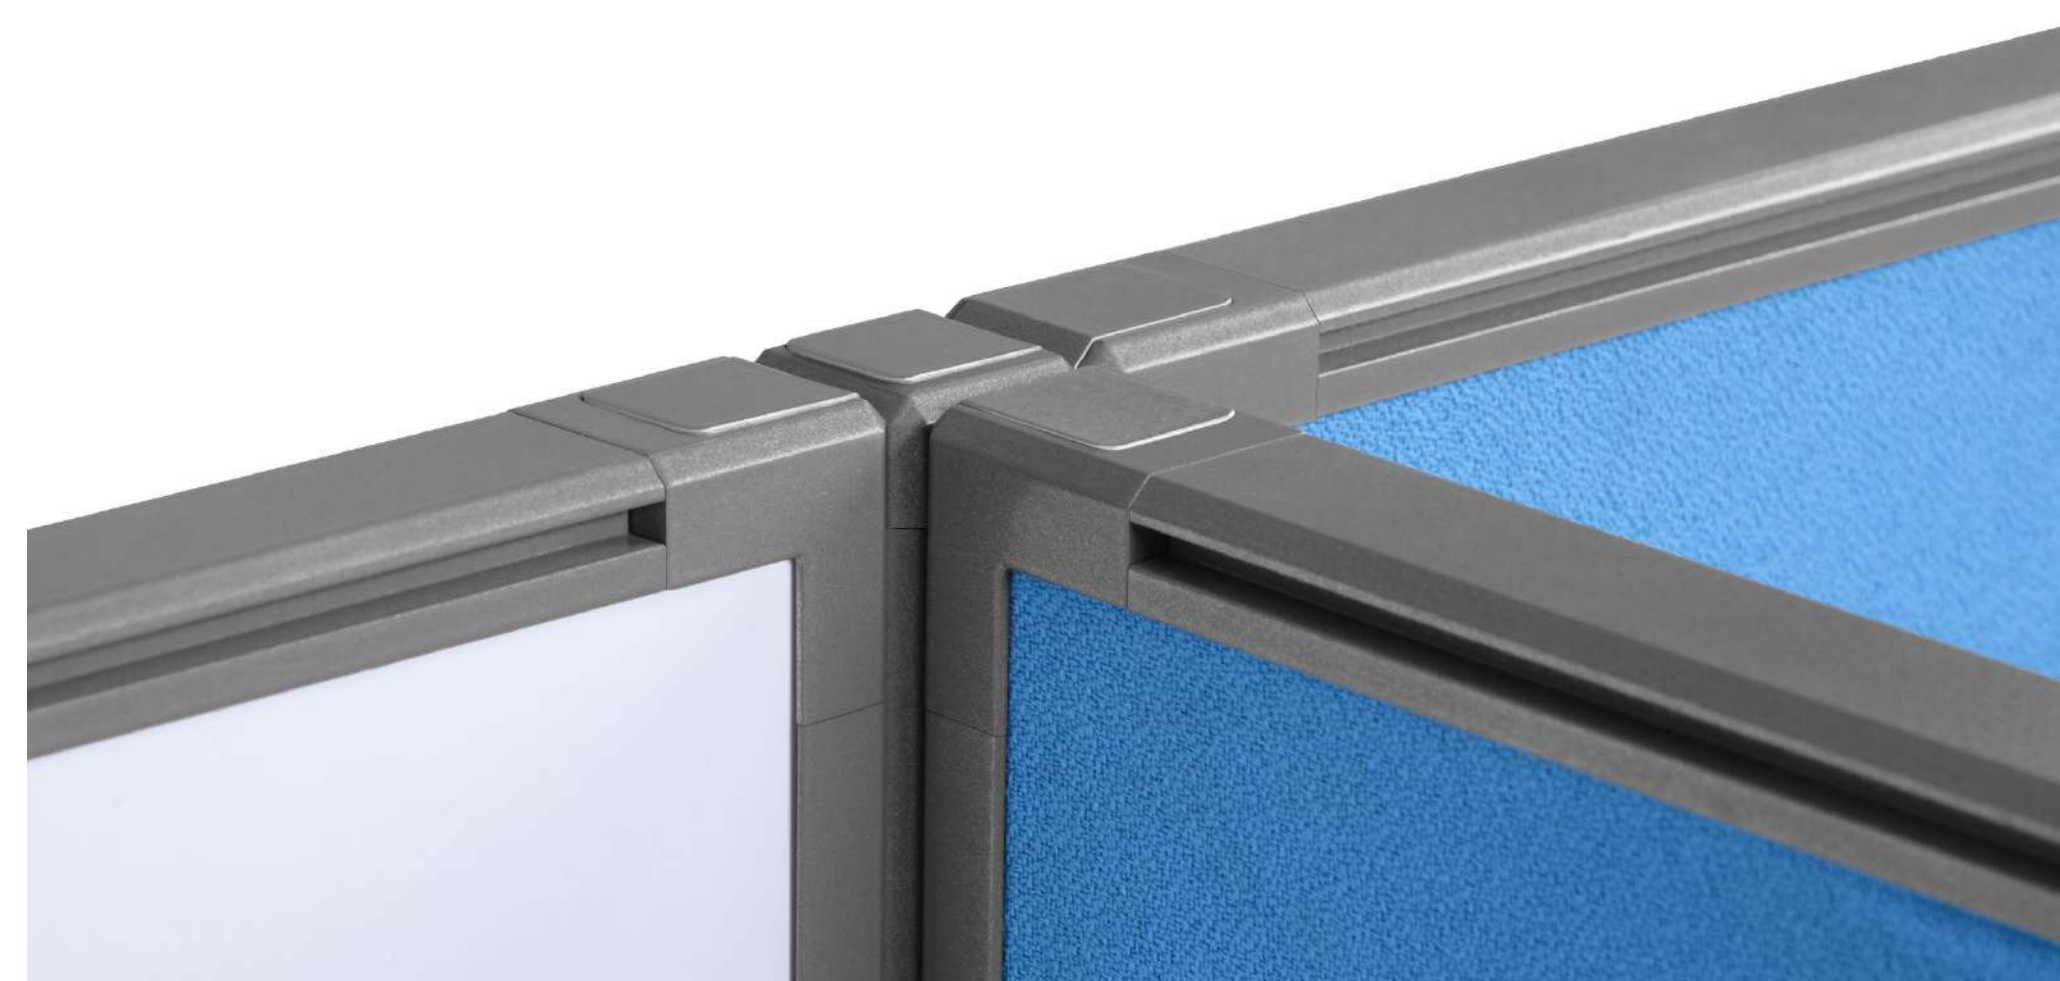

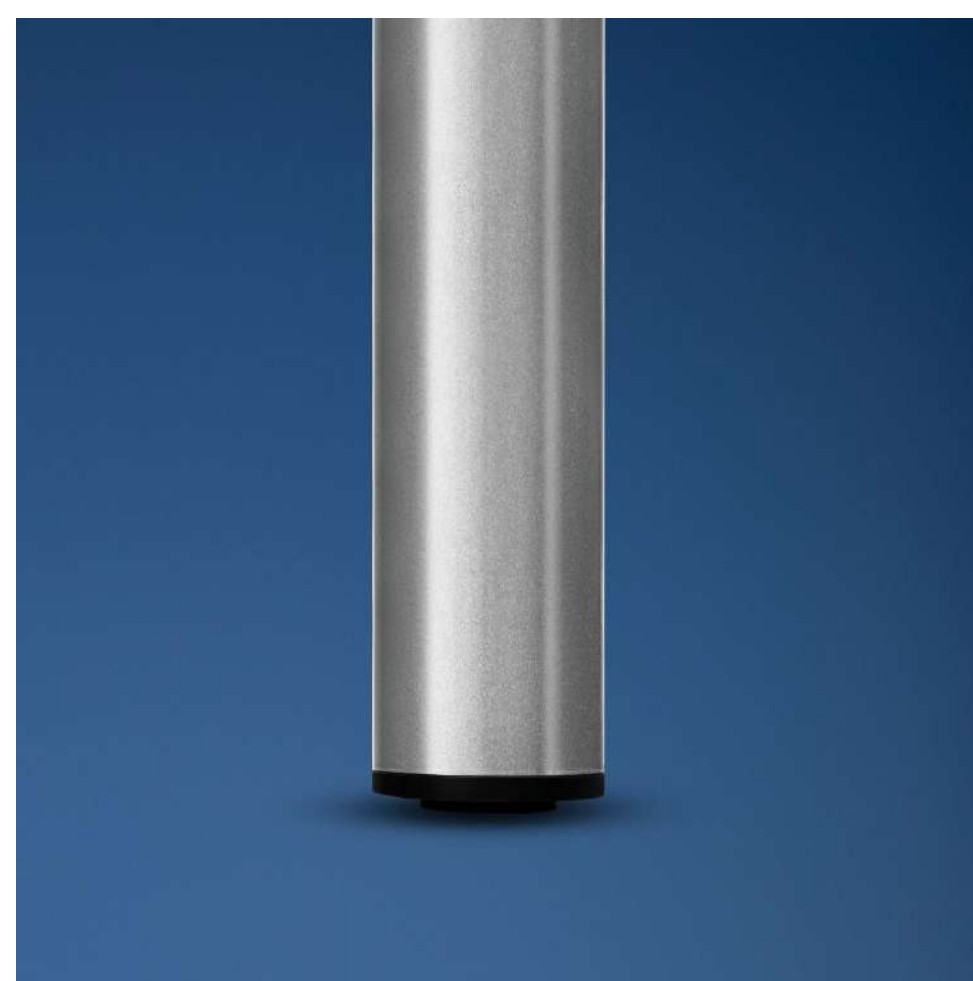

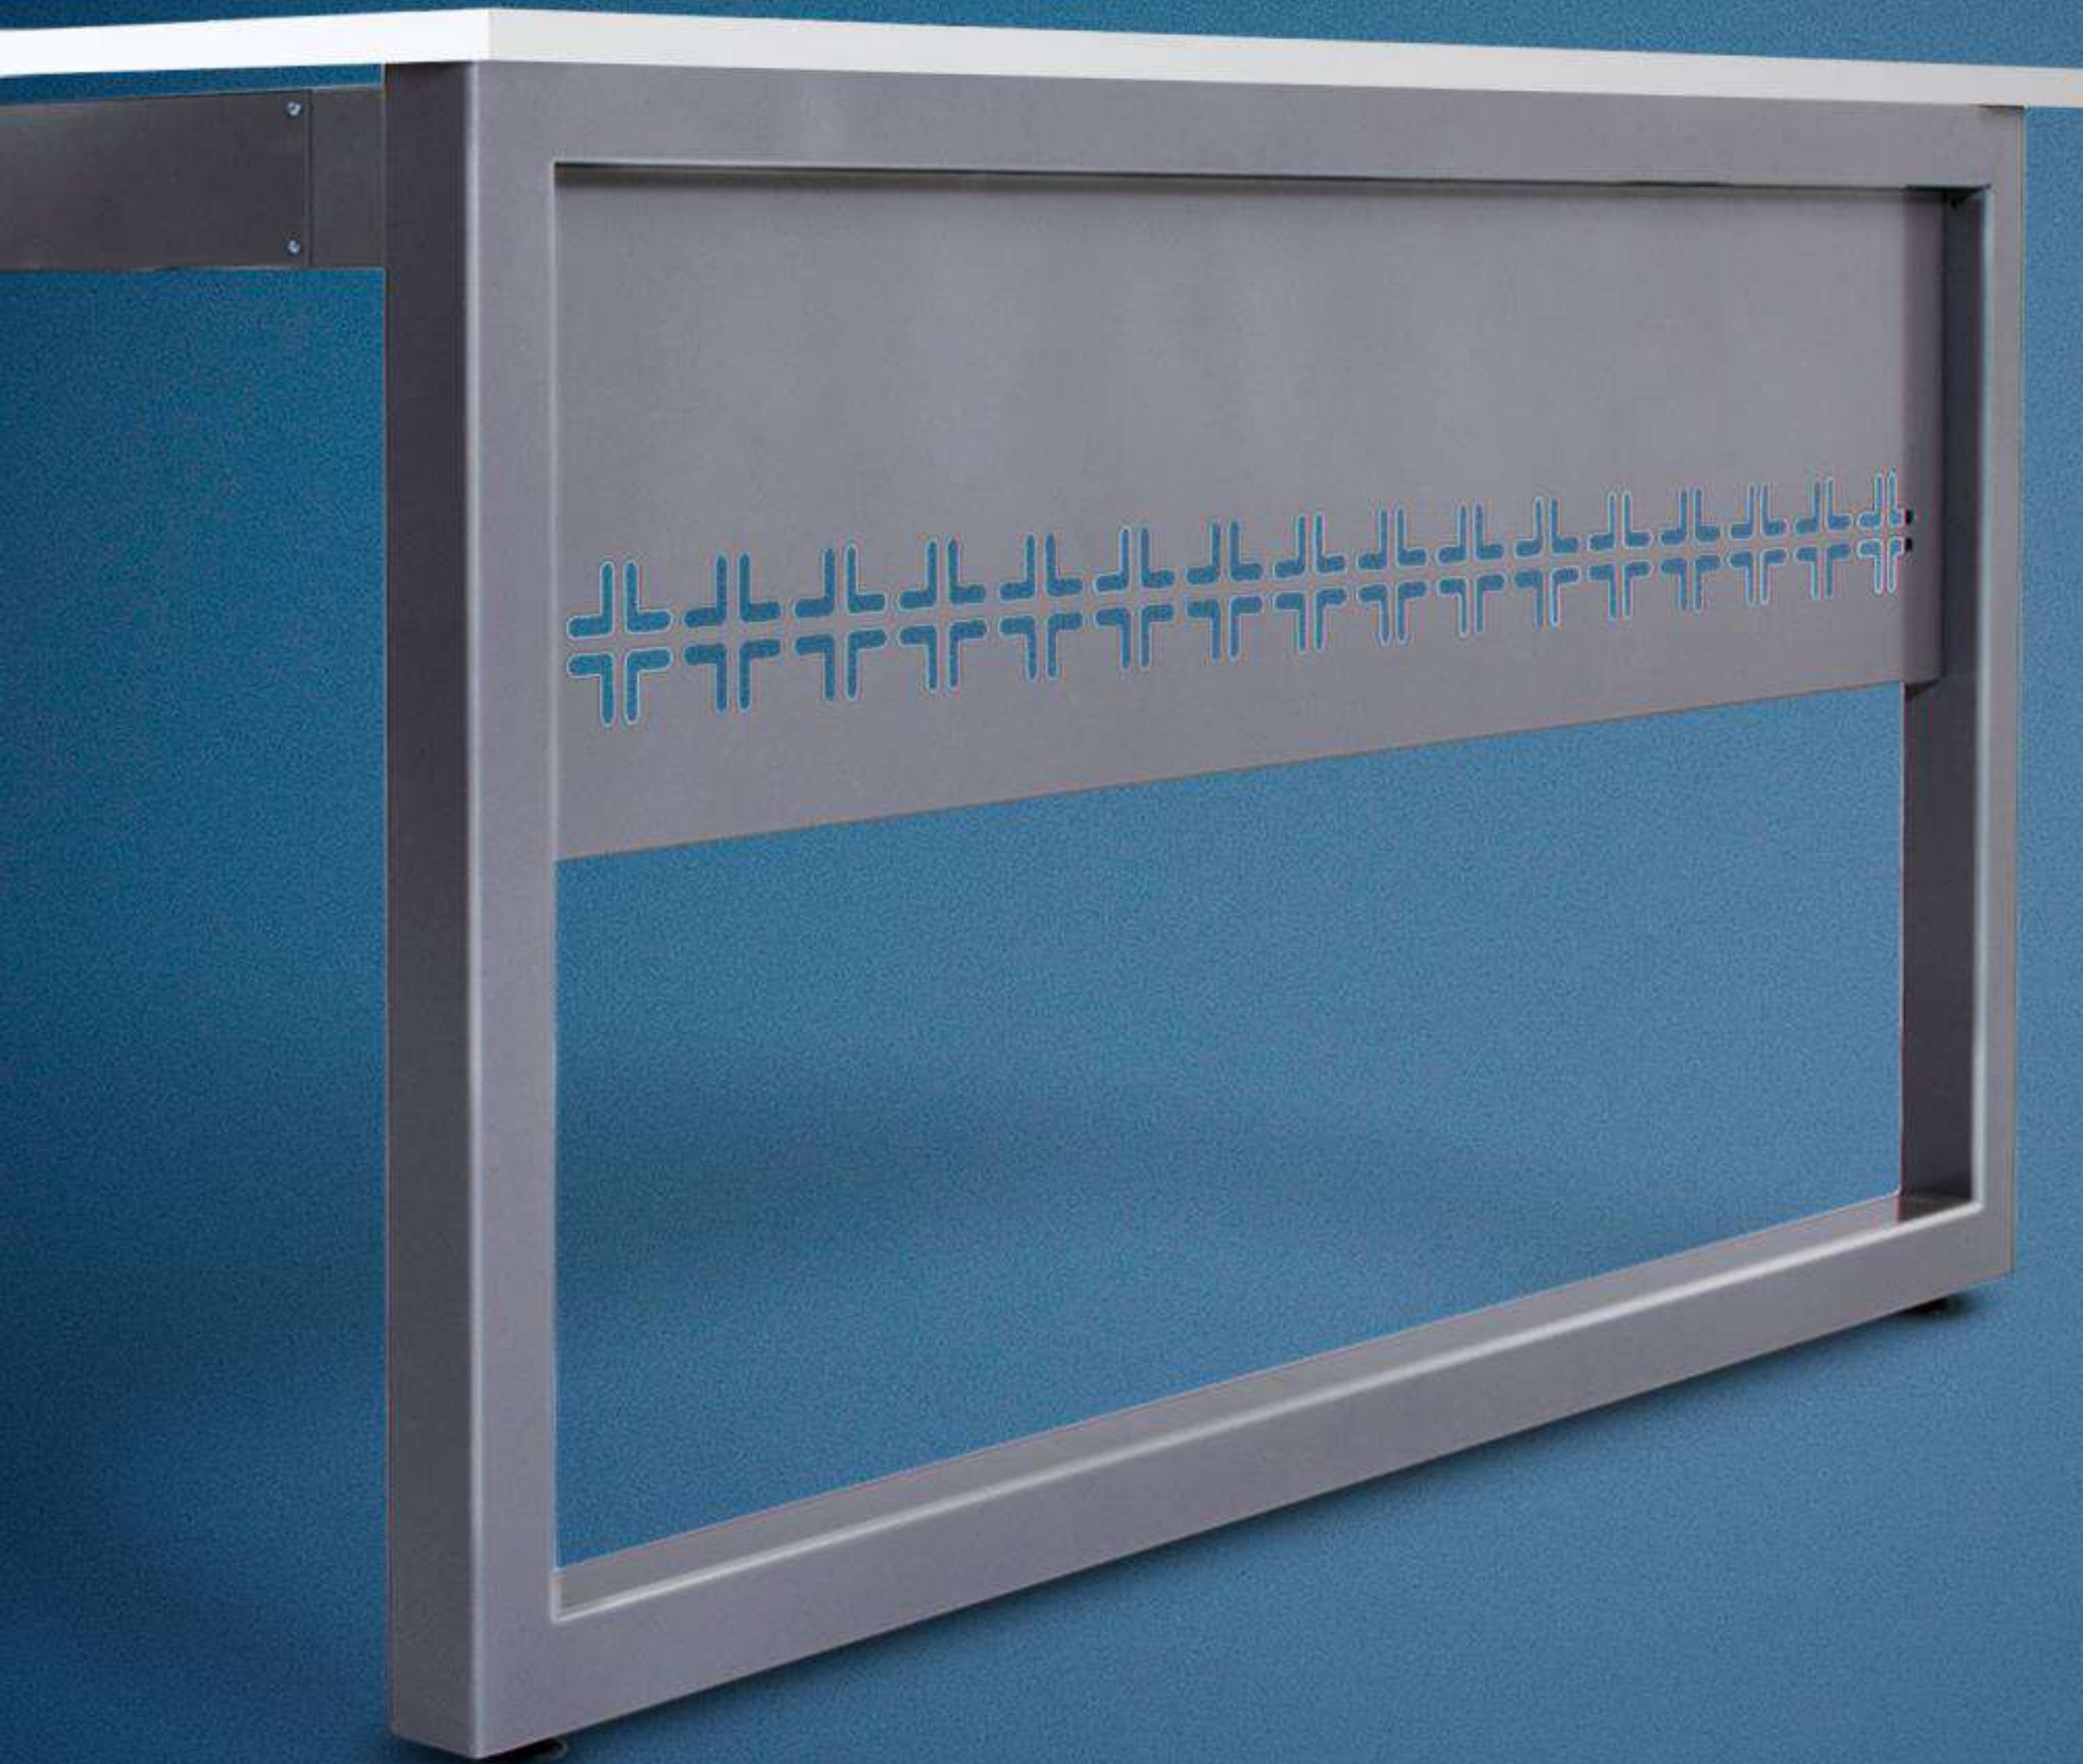

it reflects through *small elements of detail...*

A few *small details*... that makes a *big difference* in your experience!

new design to

close the loop

The Leg and beam construction dominates the visual aesthetics in workstations. Designers now have options to select from the leg designs to blend with their concepts.

partitions engineered to

define togetherness

Modularity is at its best with the multiple options that can be created with framed partitions. The unique design & perfectly engineered joineries enable multiple combinations of partitions to meet and stay perfectly aligned.

redefining the
design edge

The small details like the corners & edges of Screens add significant value to the finish & aesthetics of the system. The Elegant & Smart Screen Accessory rail mounted on Fabric Screen is sleek and offers variety. The corners well housed in a pair of die-cast end caps.

lighten up with

vibrant transparency

Vibrant Colors and Materials like the Laminated Glass screens inspires interaction and adds a unique personality to the space without compromising on visual privacy.

The universal Screen bracket accommodates both 18 mm fabric screen or 8 mm glass screen, perfectly

designed to stay

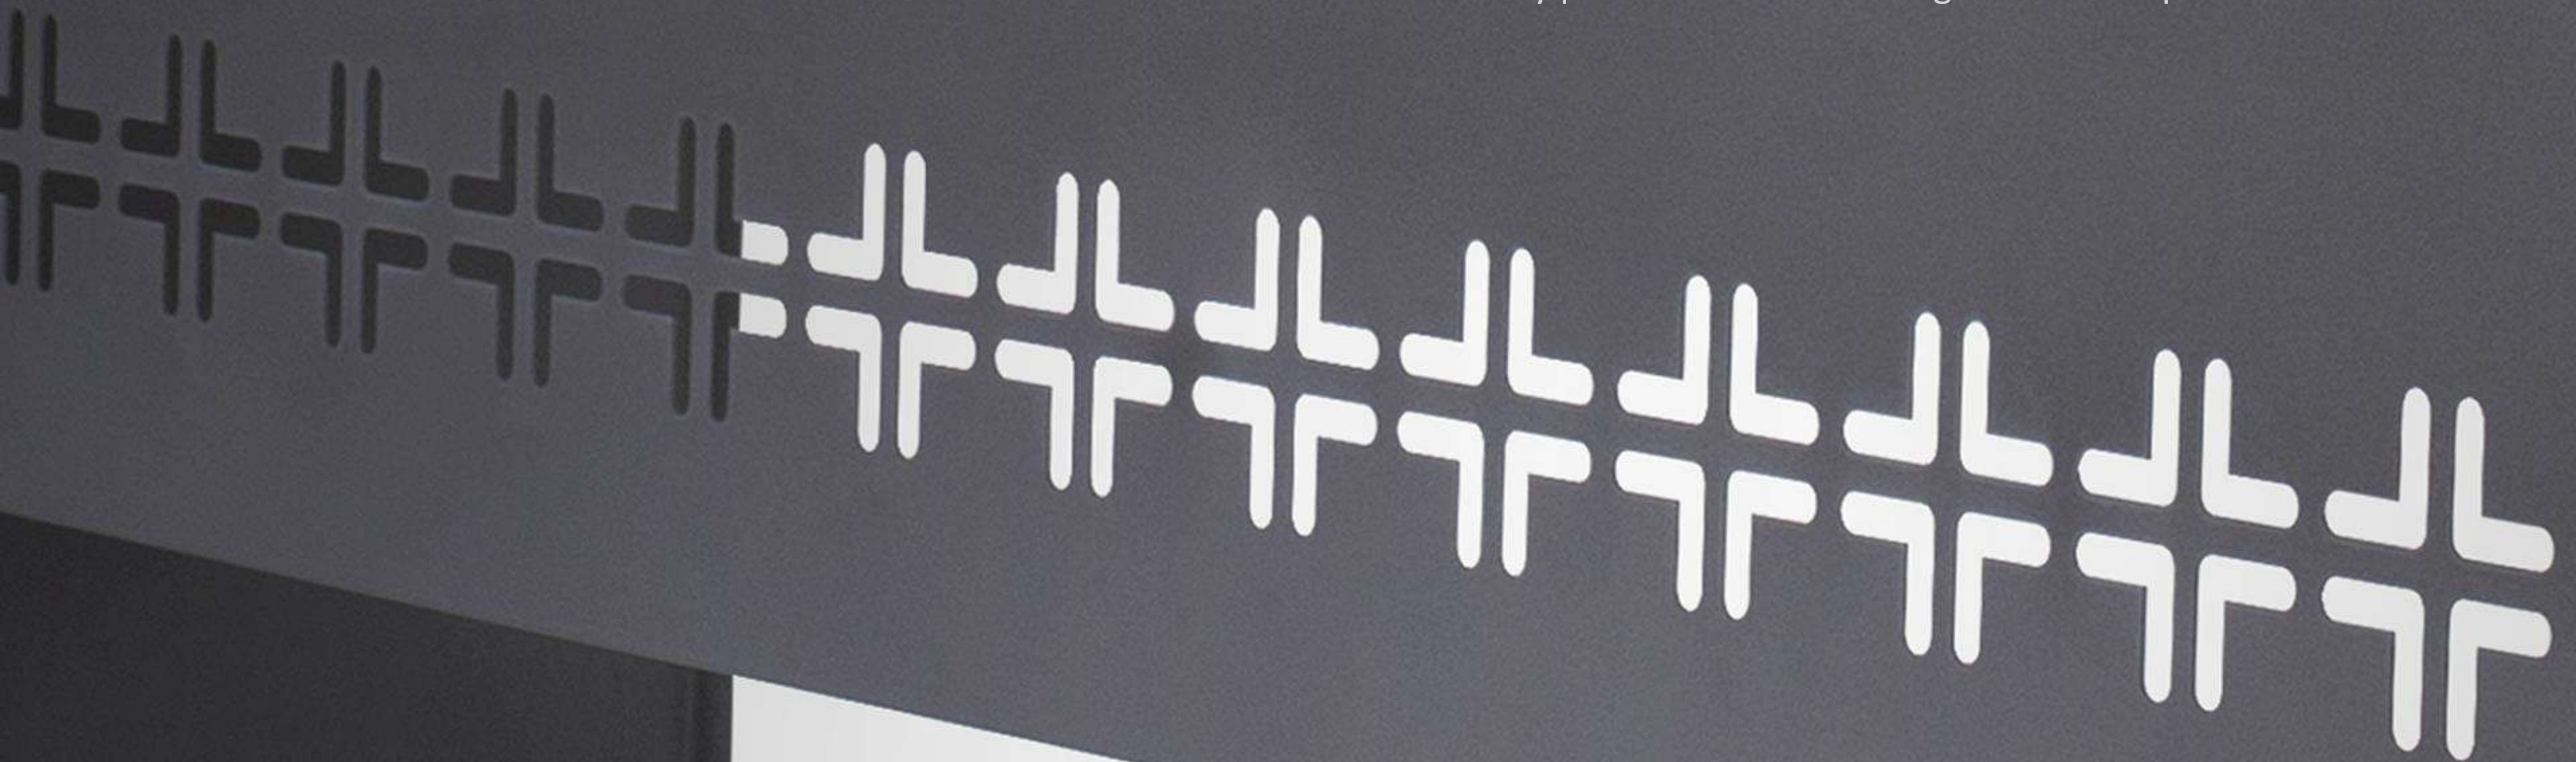

perfectly grounded

The Unique Leg and Beam construction ensures perfect stability to the system.

The new Leg shoe and Leveler design is visually unassuming yet manages the entire load and takes care of any floor undulations.

detailing a new imprint of
aesthetics

Smaller details in design transforms the visual impressions. An intricate detail punched on the modesty panel adds a subtle elegance to the space.

in tune with the

changing time

Mobile Screens offer an agile solution to define spaces or a quick separation between workstation conforming to the new social distancing norms.

STRUCTURAL FUNDAMENTALS

designed for **flexibility**
and **strength**

The Leg and Beam framework offers flexibility to configure a range of work environments.

The Beam is designed as a Structural Member providing stability, durability & structural performance to the system

* Certified for safety, durability & structural performance as per BIFMA X5.5-2014

AESTHETICS UTILITIES

to fit every need

For the right balance between privacy and collaboration, FENIX screens offers multiple options including end-to-end connectivity of screens.

Floating Screen

Return Screen

Split Main Screen

AESTHETIC UTILITIES

for open culture, light privacy

Colorful & Vibrant Laminated Glass Screens mounted on a Universal Screen Bracket promotes Open plan office design and offers a visual identity to the space.

AESTHETIC UTILITIES

designed for **beauty & function**

A step further in the design of fabric screen for workstations, is the new smart screen. The new smart screen with premium powder-coated Aluminium rail offers elegant look and functionality.

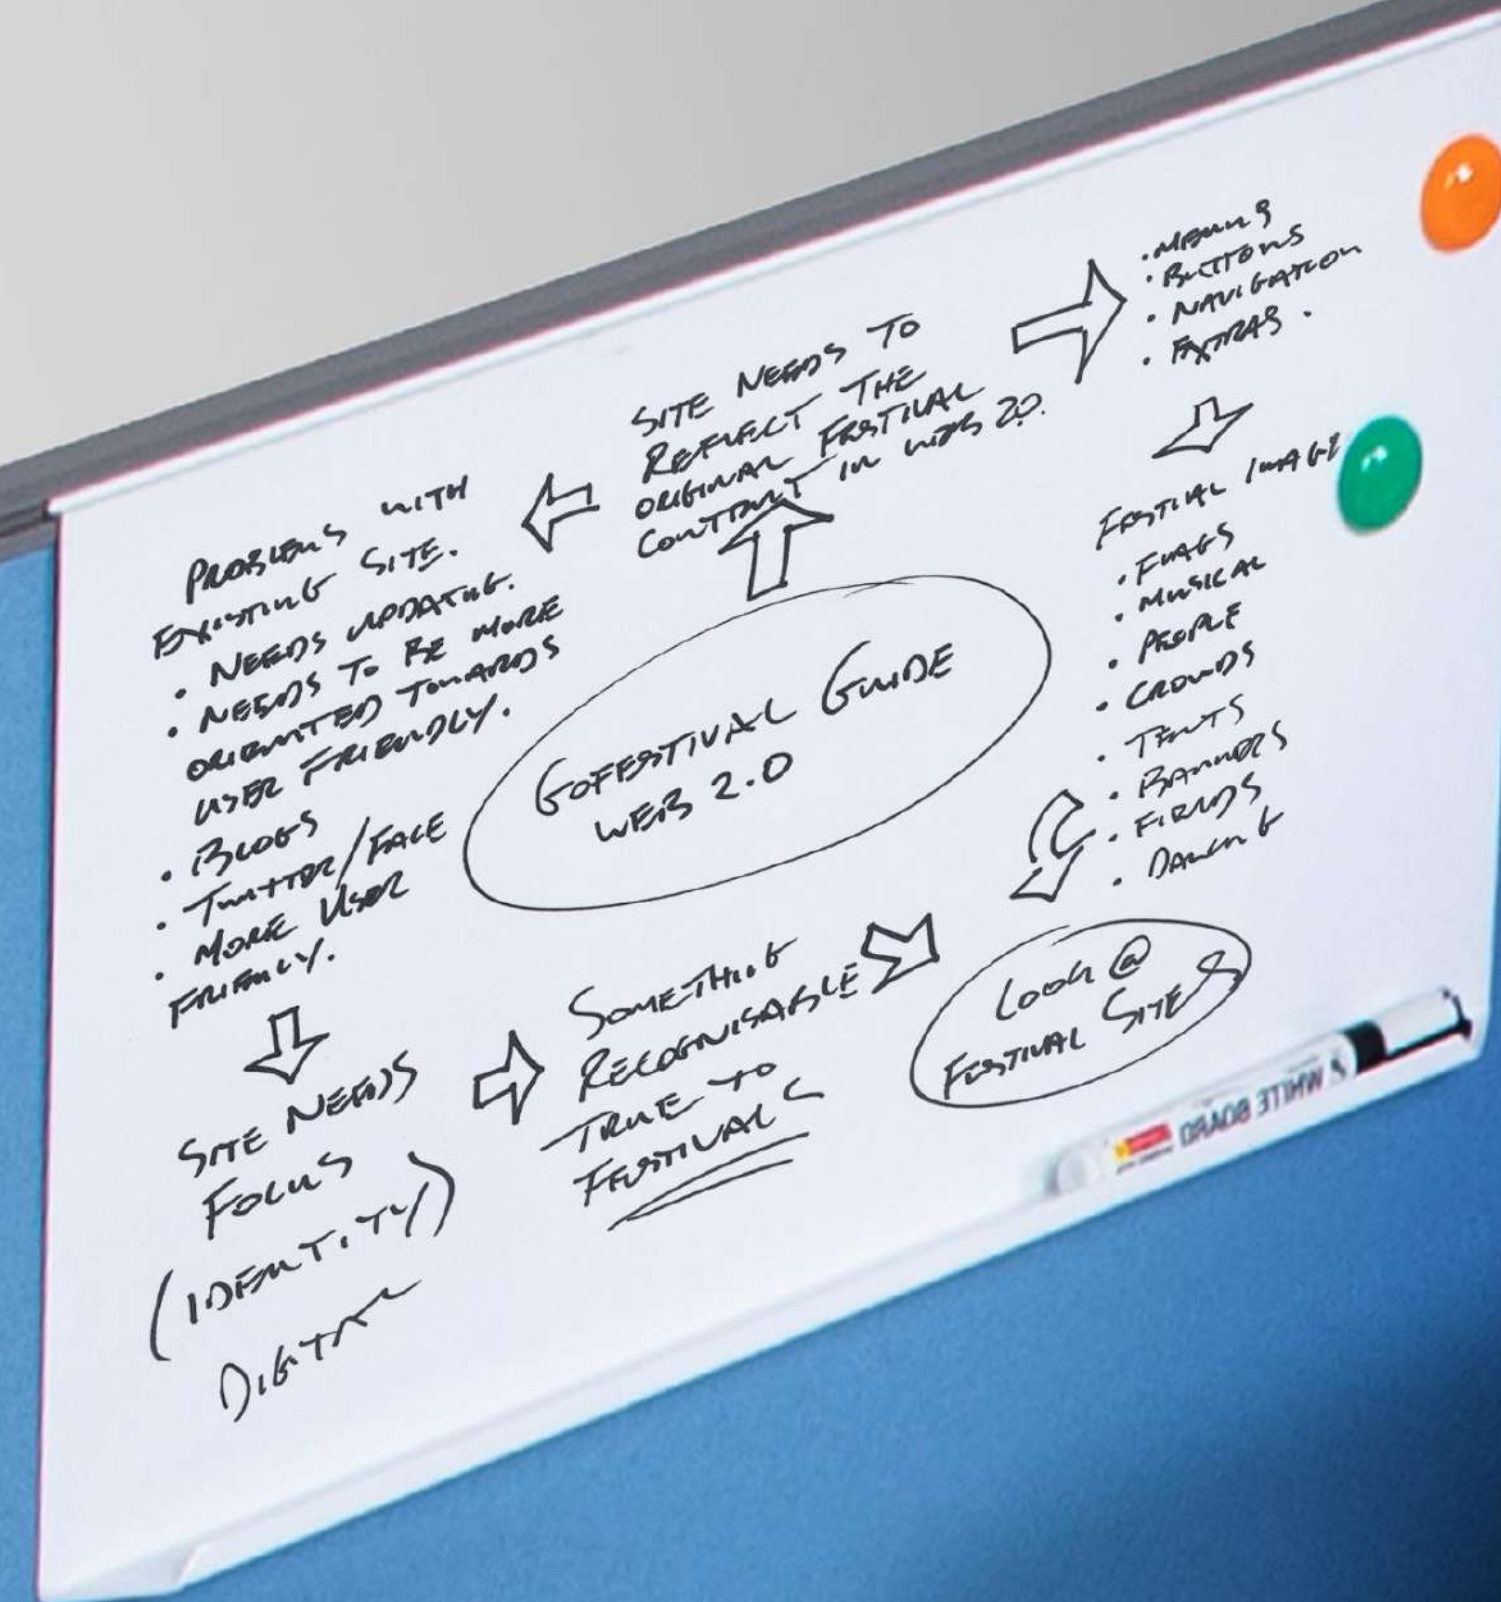

AESTHETIC UTILITIES

personalised benefits

Accessories and Screens enables Users to personalize their Workspace to work efficiently and effectively. Personalization include choice of screen finishes and Accessories mounted on in-built accessory rail

RAHUL

POWER & CABLE MANAGEMENT

organized, efficient & safe.

The Beam & Mast are designed to accommodate all types of wiring and cables ensuring safe, organized & concealed cable management. This feature offers a clutter-free and clean understructure.

POWER & CABLE MANAGEMENT

every small necessity is
easily met

Flexibility to choose access to Power & Data directly on worksurface or on the Power beam based on the User needs.

These options offers convenience as well as organized worksurface to the users.

A COMPLETE SYSTEM

collaboration or privacy

Define open spaces for teams, collaboration, and everything else in-between with FENIX. The flexible and modular design of the system enables FENIX to be used for all work environments and workstyles giving the entire office a unified design language.

IN TUNE WITH THE TIMES

define spaces with agile partitions

Understanding and adapting to the changing needs of new workspace is paramount in Wipro.

FENCE – Freestanding Screens is a quick turnaround to create spaces conforming to the new social distancing norms.

IN TUNE WITH THE TIMES

Material Options

Mix and match colors, materials and finishes to create unique workspaces.

Option to select Laminate, Fabric & Glass colors, materials, and finishes for work zones that match the overall color schemes.

IN TUNE WITH THE TIMES
